Dear ADs and middle school soccer coaches:

Please consider this message a formal invitation to the annual Sabers Invitational middle school girls soccer tournament to be held at Senri & Osaka International Schools in Minoh, Japan.

The Symbas of ISSH joins us again this year with A and B teams.

Please visit [the tourney web page](#) where I will post a final match schedule, tourney program, and other information. Most everything is similar to recent tourneys.

Here is a [draft of the program](#) with a preliminary match schedule. This is subject to change, but the Friday start times for each school's first match and the Saturday finish time are firm: this will help you make your travel plans. I am planning on NIS and ISSH to travel Friday morning (rather than Thursday evening).

Friday movie and pizza night, as in years past. RSVP, please.

Visiting teams: Please provide some advance info, including futon numbers and bento preferences, via [this Google form](#). Thank you. **Futon orders by October 25 (Thursday), please. Thanks.**
