Welcome to the 2017 AISA Cross Country Tournament

Hosted by
Korea International School

October 19-22, 2017

On behalf of everyone here at KIS we would like to welcome the athletes, coaches and parents to Seoul Korea this weekend. We know everyone has been excited about this tournament and we hope that all participants have an enjoyable and exciting time. We expect to see some exciting races and in the end meet a lot of new friends. We are sure everyone has been working very hard for this tournament and will do their best both on and off the course.

An international tournament is a chance for athletes and coaches to test their skills against other competitors, but more importantly it is a chance for people from other nations to come together and develop long lasting relationships and enjoy a sport they all love.

A tournament like this does not happen without the support and help of many people. With this in mind we would like to thank everyone who has helped us with this tournament. Our P.T.O. for the food and support, the business office staff has been fantastic, with special thanks to our host families for opening up their homes. And finally you the athletes for all of your hard work.

Good luck to all of you, run hard, have fun, and enjoy the weekend. We hope that the races will not be the main memory you take away from this weekend, but just a part of a greater memory of fun and new friends you have met here in Korea. If you need anything please do not hesitate to ask.

*Sincerely,
Bevo S. LaRue

EVENTS

DAY 1-SEEDING RACES

DAY 2- TEAM RELAYS

DAY 3- OPEN RACES FOR JV TEAMS.

7 male runners & 7 female runners = 14 per varsity team

SEEDING RACES

1. All teams will designate their runners one through seven with one being the fastest. Coaches should seed runners according to their previous results or time trials. Seedings must be submitted with the AISA roster. Once the roster is submitted seedings can not be changed except for race ending injury or removal from the team.
2. There will be a total of six races on Day 1, three for boys and three for girls.
3. Each race will consist of only similarly seeded runners from all teams. The first race will be girls #1 & #2 seed runners. The second race will be boys # 1 & #2 runners. Race three will be girls #3 & #4 runners. Race four will be boys #3 & #4 runners. Race five will be girls #5-7 seeds and race six will be boys #5-7 seeds.
4. Scoring will be done per race. 1st place finish will receive 1 point, 2nd place finish 2 points, 3rd place finish 3 points, 4th place finish 4 points and so on. This will repeat for races one through 4. For the #5-7 seed race the first runner to finish from each team would receive point matching their place of finish, and would be the only one to score for that school in that race. The other two runners would be pushers.
5. The total for the seeding race for both boys and girls will make up two-thirds of the team total. The team relay race will make up the other third.

TEAM RELAY RACE

1. A full team relay team will consist of at least five full co-ed pairs of runners and no more than seven co-ed pairs of racers. The order of the race will go girl-boy-girl-boy.
2. Each runner will complete two legs of a 5km course (approx 2 laps at the KIS course).
3. An exchange zone shall be designated for team badge transfer to take place.
4. The order of finish will go according to the order each boy finishes his last leg. This will be the only time a runner goes through the shoot and crosses the finish line.
5. An invitational scoring system will be used. The first five pairs to complete the relay course will be scored and the sixth and seventh pairs will be pushers. The first pair to finish the relay course will receive 1 point, second 2 points, 3rd place 3 points, 4th place 4 points and so on.
